ARTICLE 05 - Mobile Homes Moving into the City

10.0501 - Purpose

This Article is intended to prevent the sitting of mobile homes in a way that adversely affects the health, welfare and safety of the public along with assuring the sitting of mobile homes is harmonious with the surrounding residential uses and preserves the general character and integrity of the neighborhood.

10.0502 - Definitions

MOBILE HOME: A mobile home shall include any complete structure used for living, sleeping, business or storage purposes; having no foundation other than wheels, blocks, skids, jacks, horses, or skirting; and which has been or reasonably may be equipped with wheels or other devices for transporting the structure from place to place, whether by motive power or other means. The term "mobile home" shall include trailer home, camp car and house car.

10.0503 - Permits

No person may move a mobile home into the City or its extraterritorial limits for the purpose of a dwelling without obtaining a permit from the City. Any person moving a mobile home into the City or its extraterritorial limits must notify the City Auditor's office by the next business day of the mobile home's presence in the City or its extraterritorial limits. The mobile home must not be connected to any utilities until a permit has been issued by the City, except as otherwise stated in this Article. There shall be a \$25 fee for the inspection.

The issuance of a permit by the City Auditor's office does not warrant the mobile home is safe for habitability, nor warrant the mobile home is free from defects or conditions that may be or may become dangerous or detrimental to occupants. The permit merely affirms the mobile home will be sited in a way that is harmonious with the surrounding residential uses and preserves the

City of Arnegard, North Dakota

general character and integrity of the neighborhood, and appears as though it will not adversely affect the health, welfare and safety of the public. The permit may only be relied upon to show the mobile home is allowed within the City limits or the City's extraterritorial limits.

The preceding paragraph shall appear on all applications for a permit and on all permits issued pursuant to this article.

10.0504 - Inspection

The Building Inspector shall inspect all mobile homes moved into the City or its extraterritorial limits within 48 hours, excluding weekends and holidays, of the notice to the City Auditor's office and either approve or deny the permit request.

10.0505 - Denial of Permit

If the Building Inspector denies approving a permit for the mobile home, the owner of the mobile home shall have 168 hours to either remove the mobile home from the City limits and its extraterritorial limits or request a hearing in front of the City Council appealing the Building Inspector's decision. The appeal to the City Council must be made by filing a written request for review of the Building Inspector's determination. The City Council shall consider the appeal at its next regular meeting. The City Council shall allow the owner of the mobile home or his or her representative to present facts as to why the Building Inspector's determination should be reversed. The City Council will allow the Building Inspector to present facts as to why no permit should be issued. The City will then either reverse the Building Inspector's determination and issue a permit to the applicant or uphold the Building Inspector's determination and deny the permit request. If the City Council issues a permit, it may place conditions on the permit at the time of the hearing. During the period between a timely written notice of appeal and the appeal hearing, the applicant may occupy the mobile home and connect utilities at his or her own risk unless a Building Inspector had determined, as a part of the denial of the permit that the mobile home threatens the health or safety of the occupant or others.

10.0506 - Violation

The violation of any of the terms of this article shall be an infraction, and for each day the violation exists shall be considered a separate offense.

10.0507 - Owner cannot be determined

If the owner of the mobile home cannot be determined or located, the owner of the real property on which the mobile home is sitting shall be responsible for the mobile home.

10.0508 - City Property - Consent needed

No mobile home shall be placed on any real property owned by the City without the City's prior written consent. If a mobile home is placed on City property without prior written

City of Arnegard, North Dakota

consent, it shall be deemed a nuisance, and the City may dispose of it following the procedures set out in **CHAPTER THREE - PUBLIC PLACES AND PROPERTY, ARTICLE 3 - Unclaimed and Abandoned Property.**

10.0509 - Applicable Mobile Home Codes

The Building Inspector shall use the applicable building and structure codes, as well as City ordinances, and fire codes in determining whether or not a permit shall be issued. The Building Inspector shall not, in any instance, issue a permit if the mobile home does not have a HUD Certification Label or a letter of label verification, if the lot's zoning requirement does not allow for mobile homes, or if the mobile home does not have at least two doors at minimum width of 28" that are a minimum of 20' apart or one door at a minimum 36" width and one egress window with a minimum operable opening of 5.7 square feet with a minimum net clear opening height of 24" and minimum net clear opening width of 20". If the permit is denied based on the lack of HUD Certification, the zoning of the lots on which the mobile home will be placed, or the lack of exits as stated herein, no appeal to the City Council shall be available.

10.0510 - Number of Occupants

The applicant shall state on the permit application the total number of occupants of the mobile home, the number of those occupants who are minor children and their ages, and the number and size of bedrooms and the width and length (excluding hitch) of the mobile home. In no event shall the Building Inspector issue a permit for a mobile home when there are more than two adult occupants per bedroom. For purposes of this Ordinance, "occupant" is any person who intends to make the mobile home his/her residence, or who stays at the mobile home for more than fourteen consecutive days or for more than fourteen days out of any 31 day period. If the permit is denied because there are more than two adult occupants per bedroom, no appeal to the City Council shall be available.

10.0511 - Building Inspector - Unavailable

If the Building Inspector is unavailable to inspect the mobile home within the time provided in this article, the mobile home may be connected to utilities, at the applicant's own risk.
